Profile Summary

I am Reza; a software craftsman from Iran, Isfahan.

Before high school, I was playing codes, and till now I just become eager to learn and coach others to design and build enterprise solutions and deliver more value to corporations globally. No matter what your type is I always find something in common with you and we can have a great journey together!

Education

Bachelor of Software Engineering

Institute/University: University of Yazd

Yazd, Iran

2013 - 2018

Diploma in Mathematics

Institute/School: Ejei High School (NODET)

Isfahan, Iran
